Olmec Recognized on CRN's 2024 MSP 500 List

Denville, New Jersey, February 12, 2024 — Olmec, a New Charter Technologies Company announced today that CRN®, a brand of The Channel Company, has named Olmec to its Managed Service Provider (MSP) 500 list in the Pioneer 250 category for 2024.

The MSP 500 list compiled by CRN serves as a comprehensive guide to identifying and recognizing the top Managed Service Providers (MSPs) in North America. MSPs play a crucial role in supporting businesses by offering managed services that enhance efficiency, simplify IT solutions, and optimize return on investment.

The annual MSP 500 list is divided into three sections: the MSP Pioneer 250, recognizing companies with business models weighted toward managed services and largely focused on the SMB market; the MSP Elite 150, recognizing large, data center-focused MSPs with a strong mix of on- and off-premises services; and the Managed Security 100, recognizing MSPs focused primarily on off-premises and cloud-based security services.

The MSP 500 list aims to showcase and celebrate MSPs that are driving growth and innovation in the industry. These service providers not only enable businesses to harness complex technologies but also contribute to maintaining a strong focus on core business goals without stretching financial resources. By categorizing MSPs based on their business models and areas of expertise, the list helps end-users find the right partners to meet their specific needs and challenges in the rapidly evolving technology landscape.

Olmec was chosen because of its dedication to providing nationally recognized managed services to New Jersey and the surrounding areas including New York City. Olmec prides itself on being a technology partner that our clients can rely on. Beyond managed services they also provide phone and equipment storage services.

Jennifer Follett, VP of US Content and executive Editor CRN, The Channel Company, emphasized the significance of managed services for businesses at various scales, stating, "Managed services provide a route for businesses of all sizes to maintain efficiency and adaptability

throughout their growth journey. The solution providers featured in our 2024 MSP 500 list are introducing cutting-edge managed services portfolios to the market, enabling their clients to achieve success by optimizing their IT budgets. This allows businesses to allocate resources strategically, concentrating on mission-critical tasks that drive future success."

“It means so much to our team for Olmec to be named to the CRN500 list once again. Being a member of the “Pioneer 250” category really demonstrates our commitment to providing managed services to businesses of all sizes, but especially SMBs. Our team works tirelessly to provide the best solutions possible for our clients, and we look forward to continuing that trend in 2024 and beyond.”

The MSP 500 list will be featured in the February 2024 issue of CRN and online at www.crn.com/msp500.
